

75 years ago everyone wore homespun—

and, likewise, everyone used hand-mixed paint. To-day, when machine-spun cloth is so much better and cheaper, no one would think of wearing homespun. Many people are still using hand-mixed paint, however, because they do not know that

will save them money and labor. Devoe Lead and Zinc Paint is simply made of the same ingredients the old-time painter used: Pure White Lead, Pure White Zinc, and Pure Linseed Oil. The only difference is that Devoe is mixed by machinery, 500 gallons at a time. Therefore, it is always absolutely uniform in strength, color and covering capacity.

We guarantee Devoe Lead and Zinc Paint to be pure. We know it contains no whiting, silica or other worthless materials. Stop in and ask for Color Card.
